<ul style="list-style-type: none">• Medical Billing Process Optimization	<ul style="list-style-type: none">• Increased Collections Ratios due to Streamlined Workflow Management
<ul style="list-style-type: none">• Data Integration	

Analytix provides integrated cross-functional support for all phases of your medical billing operations.

"Analytix takes all of our incoming orders, downloads them, and organizes them. They essentially set the plate for our customer service staff. It's great to have a partner like Analytix because they take that whole front end process and simplify it for us so that we can focus on where we are best."

- Jason Canzano, Managing Director
Acelleron Medical Products
